3.3.1 - Current collaborations with Health Institutions

DMIMS is fully aware that Collaborations and Tie-ups with leading Medical / Health Institutions at different levels, viz., local, National and Global, do contribute in sharing the knowledge and skills required for learning from each other and acquired by their respective experiences and gained expertise.

"Shared knowledge is double the knowledge" and "Shared Experience is double the Experience" to enhance the expertise. The experience is enhanced by learning through different conditions and circumstances, especially in the Health and Medical Field. Considering that, DMIMS(DU) has established various collaborative and consultancy mode partnerships by entering into various Memoranda of Understanding with leading Local, National and International Institutions. A few of them are given below for reference with brief descriptions of the purpose and objective of those collaborations:

National Level:

1. Krishna Institute of Medical Sciences, Karad, Maharashtra

- [MOU with KIMS](#)
- **Joint venture of Text Book writing** – Details of the books published are provided in the links below:
