## **SDG 5 - Clause - 5.3.4 Women's application in unrepresented areas**

### **Engage and Encourage women in Subjects where they are unrepresented through University Collaboration and Outreach, community, Government etc.,**

The Admission Committee of the DMIMS takes every care to admit a maximum number of women candidates not only in the areas of the popular Programs but also in the areas of unrepresented areas.

Accordingly, on identifying the areas of less representation of women DMIMS has started the new initiative of Engineering and Technology School to cater to the Admission of Women during the year 2020

and the School of Engineering and Technology has been launched accordingly in the succeeding year.

In order to attract women in the under-represented areas, DMIMS(DU) has taken special initiatives to diversify and expand in the areas of:

1. Engineering and Technology: Came into operation from the AY 2020
2. Science and Technology
3. School of Virtual Learning (Special Initiatives)
4. Online Programs to reach the girls present at remote locations.

### **EXTRACT OF RESOLUTION PASSED FOR COMMENCEMENT OF FACULTY OF ENGINEERING AND TECHNOLOGY**

"The Board of Management considered the proposal for commencement of Faculty of Engineering and Technology."
